

Understanding the Role of Formative Assessment

November 26, 2018 from 8:00 am-12:00pm

The role of data literacy and summative and formative assessments in the classroom is a critical one. This seminar will help teachers understand these assessment methods and when to use them to gather accurate information about student achievement. Participants will learn how to evaluate assessment items for depth of knowledge, classify questions to their level of rigor and write assessment questions for different levels of rigor.
